2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

Bid rigging is, therefore, an agreement between competitors not to compete.

PART B– TERMS OF REFERENCE AND PRICING SCHEDULE

14. TERMS OF REFERENCE

CALL FOR PROPOSALS FOR THE DESIGN, ERECTION, MAINTENANCE OF 25 (TWENTY- FIVE) OUTDOOR AD LITES WITHIN THE BOUNDARIES OF NEWCASTLE MUNICIPALITY TO BE USED FOR THIRD PARTY ADVERTISING

1. Background

Outdoor Advertising is gaining momentum within the Newcastle area and viewed to be on par with the rapid growth the town is experiencing in recent years. It is driven by profit maximisation on the part of enterprises/cooperates whilst the municipality construed of it as an ancillary attribute of urban landscapes. In turn it marginally generates revenue for the municipality. However, it has been noted that there is a need of gantries in the entrances of Newcastle. At the centre of this problem is the poor maintenance by advertising agents residing outside town who have no local representatives to constantly monitor these boards. Majority of the boards are derelict, design based on old typologies and some have been kept vacant over a long period of time. This poor management of the boards transgresses the Municipality's 2035 vision.

Regulation of outdoor advertising signs requires a smart approach to avoid potential unmanageable boom within the space of flows. Council is currently regulating this through the Policy and By-laws on outdoor advertising. The policy provides a framework of what Council seeks to achieve through advertising. On the other hand, the bylaws serve as statute for installation specifications, application and other operational procedures.

2. Legislative Framework

SA Constitution defines the role municipalities' play on Local Economic Development as creating favourable climate for business to thrive and boost human capital in the area. Determining by expression of interest on advertising in recent years, it has become apparent to the municipality that the need exists, for which Council chose to relax the environment as opposed to excessively regulating such advertising markets. '*Advertising is the very essence of trade*' (Orwell: 2010).

Advertising, for agents to make their submission not only is in line with national and provincial legislations, but it is also in keeping with Council's policy. This policy seeks to accommodate the current trends for advertising in line with the guidelines contained in the SAMOAC document and also makes allowance for new advertising techniques and methods to be developed. It recognizes the urgent need invoked by changing social, economic, environmental and political landscapes in the area.

3. Purpose of the exercise

3.1 Making outdoor advertising work for us

Through this process it is expected that the successful advertising agent/s will partially achieve the following IDP imperatives as it relates to outdoor advertising:

The vision: By 2035 Newcastle Municipality will be a resilient, and economically vibrant city promoting service excellence to its citizens.

- To facilitate processes for revenue enhancement
- To diversify the economy
- To boost business confidence
- To allow for business retention and expansion
- To improve the quality of lives of our citizens through corporate social responsibility.

3.2 Purpose

The purpose of this document is to provide terms of reference within which advertising agents shall base their tender submissions. It is to be appreciated by advertising agents that Council is not entirely in the business of advertising, therefore, certain aspects key to the advertising agents may have been overlooked in this document unintentionally.

3.3 Objective

The intention for this exercise is to award advertising rights to a successful advertising agent/s who has financially expressed in his tender to generate more revenue and other benefits for this Council without fail. Similarly, the design typology of the proposed ad lites is equally important. Therefore, projected revenue (through rental of space) for this Council will not take precedent over aesthetics of the boards.

4 Scope of work

These terms of reference seek to facilitate the appointment of a suitable and credible advertising agent/s to undertake the following:

- Produce designs, supply, construct, maintain and operate of **Ad lites advertising structures**
- Specify the location, board typology, the reasons for the specific typology and dimensions thereof
- Express financially the projected annual company turn-over based on the understanding of economic climate of Newcastle area
- Express what the financial contribution towards Council will be in percentage and/or figures annually cumulative to 3 year (duration of contract)
- Specify, based on good forecast, potential threats to the acceptable performance of the billboards the responsibility thereof to moderate the risk

BID NO.: A029-2020/21 – RFP FOR THE DESIGN, ERECTION, MAINTANANCE AND OPERATION OF 25 OUTDOOR AD LITES WITHIN THE BOUNDARIES OF NEWCASTLE MUNICIPALITY TO BE USED FOR THIRD PARTY ADVERTISING

- Avoid too ambitious and unachievable goals to influence award of the advertising rights
- Once the rights have been awarded application must still be submitted to the Development Planning and Human Settlement Department where greater detail in respect of the structure and graphic will be evaluated
- Further scope on operational procedures of the boards will be explored on the contract which will be discussed and agreed upon by all parties prior finalisation
- Desktop market feasibility study will be an added advantage

5 Project Methodology

The prospective advertising agent/s will be required to, on the basis of the project scope, background information on the reported problem, project goals and objectives, their knowledge of outdoor advertising, prepare a sound methodology through which to undertake this exercise.

6. Project Management

Oversight of the project will rest with the Strategic Executive Director of Development Planning and Human Settlements: Land Use Management Section who will provide the overall professional guidance to the planning process. The day-to-day management of the project and compilation of all progress reports to committees of Council will be done by the team in Land Use Management having received reports from the advertising agents.

7. Project Timeframe

Once the tender has been awarded, construction of billboards and add lights shall commence within a period of 6 months. The contract shall be valid for 3 years from the date of the last signature. This is in line with Municipal Finance Management Act of 2003. All contracts shall be finalised within 3 months of awarding the advertising sign rights. The project will be reviewed quarterly to ascertain compliance with terms and conditions of contract.

8. Deliverables

- A detailed proposition to Council which include time frames for specific milestones in line with 7 above, financial breakdown of how the generated profit will be split between Council and Agent/s, urban designs for the boards in line with 4 above and any other which is designed to enhance the tender submission. Also note that as part of this process the Agent/s are expected to score themselves on the provided scoring sheet and **PROVIDE EVIDENCE CLEARLY MARKED OUT IN PAGE NUMBERS TO SUBSTANTIATE THE POINTS CLAIMED.**
- State the agent's liaison person. The locally based liaison person will serve as an added advantage to the submission
