1. INTRODUCTION.

In order to ensure certain minimum quality standards of the Integrated Development Plan (IDP), and a proper coordination between and within spheres of government, the preparation of the Process Plan has been referenced from the Municipal Systems Act (Act No. 32 of 2000). The preparation of a Process Plan, which is, in essence, the IDP Process sets out in writing the procedures to be followed within a financial year to produce a credible Integrated Development Plan and requires the adoption by Council. This plan has to include the following: -

- A programme specifying the time frames for the different planning steps;
- Appropriate mechanisms, processes and procedures for consultation and participation of local communities, organs of state, traditional authorities, and other role players in the IDP drafting process;
- An indication of the organisational arrangements for the IDP process;
- Binding plans and planning requirements, i.e. policy and legislation; and
- Mechanisms and procedures for vertical and horizontal alignment.

2. LEGAL CONTEXT.

2.1. The Integrated Development Plan.

- i. Chapter 5, Section 25(1) of the Municipal Systems Act No. 32 of 2000 states that –

“Each municipal council must, within a prescribed period after the start of its elected term, adopt a single, all-inclusive and strategic plan for the development of the municipality which –

- a) *Links integrates and coordinates plans and takes into account proposals for the development of the municipality;*
- b) *Aligns the resources and capacity of the municipality with the implementation of the plan;*
- c) *Complies with the provisions of this Chapter; and*
- d) *Is compatible with national and provincial development plans and planning requirements binding on the municipality in terms of legislation.”*

- ii. In terms of the core components of integrated development plans, Chapter 5, Section 26 of the Municipal Systems Act of 2000 (Act No. 32 of 2000) indicates that –

“An integrated development plan must reflect –

- a) *The municipal council’s vision for the long term development of the municipality with special emphasis on the municipality’s most critical development and internal transformation needs;*
- b) *An assessment of the existing level of development in the municipality, which must include an identification of communities which do not have access to basic municipal services;*
- c) *The council’s development priorities and objectives for its elected term, including its local economic development aims and its internal transformation needs;*

- d) *The council's development strategies which must be aligned with any national and provincial sectoral plans and planning requirements binding on the municipality in terms of legislation;*
- e) *A spatial development framework which must include the provision of basic guidelines for a land use management system for the municipality;*
- f) *The council's operational strategies;*
- g) *Applicable disaster management plans;*
- h) *A financial plan, which must include a budget projection for at least the next three years; and*
- i) *The key performance indicators and performance targets determined in terms of Section 41."*

2.2. The Process Plan.

2.2.1. In order to establish an all-encompassing strategic plan for the municipality, Chapter 5, Section 28 of the Municipal Systems Act of 2000 (Act No. 32 of 2000) specifies the adoption of a process in which: -

- (1) *"Each municipal council, within a prescribed period after the start of its elected term, must adopt a process set out in writing to guide the planning, drafting, adoption and review of its integrated development plan.*
- (2) *The municipality must through appropriate mechanisms, processes and procedures established in terms of Chapter 4, consult the local community before adopting the process.*
- (3) *A municipality must give notice to the local community of particulars of the process it intends to follow."*

2.3. The Annual Budget.

2.3.1. The Annual Budget and the IDP are inseparably linked to one another, something that has been formalised through the promulgation of the Municipal Finance Management Act of 2003 (Act No. 56 of 2003). Chapter 4, Section 21(1) of the Municipal Finance Management Act (MFMA) states that: -

"The Mayor of a municipality must –

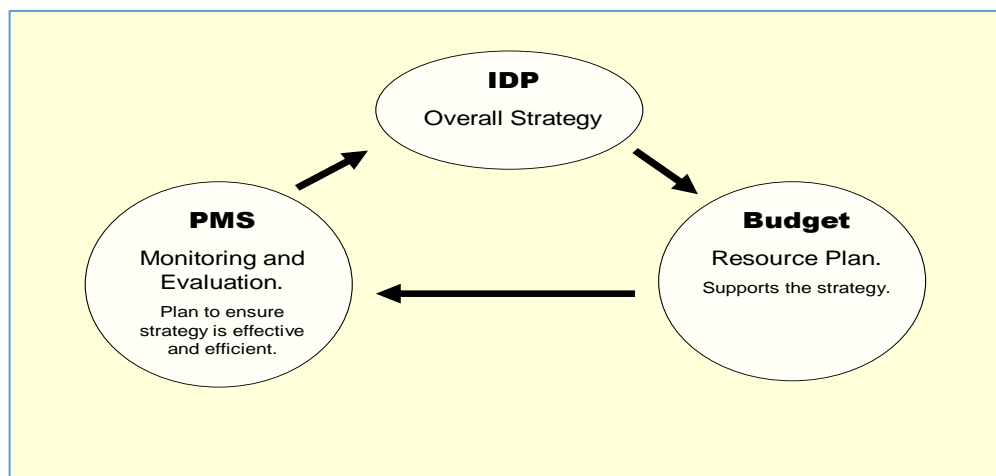

- (b) *At least 10 months before the start of the budget year, table in the Municipal Council a time schedule outlining key deadlines for:*
 - i. *The preparation, tabling and approval of the annual budget.*
 - ii. *The annual review of:*
 - aa) *The integrated development plan in terms of Section 34 of the Municipal Systems Act; and*
 - bb) *The budget related policies.*
 - iii. *The tabling and adoption of any amendments to the integrated development plan and the budget-related policies; and*

- iv. *The consultative processes forming part of the processes referred to in subparagraphs (i), (ii) and (iii).*

3. ALIGNMENT OF THE IDP, BUDGET AND PERFORMANCE MANAGEMENT PROCESSES.

Every attempt has been made in this Process Plan to align the IDP and Budget preparation process, and the Performance Management System (PMS) review. The linkages of the three processes are summarised in the following diagram: -

FIGURE 1: THE NEWCASTLE MUNICIPALITY IDP, BUDGET AND PMS LINKAGES.

Newcastle IDP Process Plan

4. KEY ELEMENTS TO BE ADDRESSED IN THIS PROCESS.

The following is a summary of the main activities to be undertaken during this IDP review preparation process:

-

4.1. Aims and Objectives of the IDP in terms of Council Priorities.

The primary aim of the proposed IDP initiative is to guide the IDP (2023/24), in line with Newcastle Local Municipality's priorities thus better informing municipal budgeting, and the allocation of resources across all 34 wards within Newcastle, in accordance with the development needs, challenges and trends. The intention is to ensure the promotion of social cohesion, economic development, and environmental sustainability. Its objectives can be summarized as follows: -

- To review the IDP document for Newcastle Local Municipality hence providing strategic direction for the 2023/24 financial year.

- To ensure the development of the NLM IDP along with other sector plans (i.e. Spatial Development Framework; LED Strategy; Housing Sector Plan; Integrated Waste Management Plan; Disaster Management Plan; etc.) in order to respond to issues and concerns of the Newcastle Community.
- To update the status quo report on the basis of new information e.g. backlogs figures as per the Stats SA Community Surveys (2016);
- To review and confirm the objectives and strategies in line with Council and national revised targets, and alignment with the Performance Management System;
- To develop a priority project list reflecting information required for the Medium-Term Expenditure Framework and Financial Plan; and
- To engage stakeholders and role-players in the IDP process and to integrate their concerns and development aspirations to the development agenda of the Municipality.
- To ensure alignment with the requirements of the ADM District Development Model.
- To ensure alignment with the requirements of the Municipal Standards Charts of Accounts (mSCOA).

The IDP forms the basis for good governance, efficiency in the management of municipal affairs, and accelerated development. It embraces the notion of sustainability and promotes integrated development and planning.

4.2. Incorporation of Comments from the External Role Players/Legislative Requirements.

- Incorporate comments from the MEC for Co-Operative Governance and Traditional Affairs (COGTA) regarding the assessment of Newcastle Local Municipality's Final IDP (2022/23) Review;
- Incorporate comments from the Auditor General in respect of the latest audit report;
- Incorporation of comments from external organisations i.e. Department of Economic Development, Tourism and Environmental Affairs, Department of Rural Development and Land Reform, Department of Water Affairs and Sanitation etc.;
- Incorporate comments from the Internal Audit Committee;
- Incorporate comments from municipal line departments;
- Gap analysis on the Final IDP document for the 2022/23 financial year.
- Incorporation of inputs made by the members of the public including NGOs, NPOs, Organised Business, Youth Structures etc. specifically in relation to the IDP document.
- Alignment of the IDP with both the Provincial and National policies and programmes (i.e. PGDS, NDP, NSDP, N-KPA).
- Enhancement of public participation on the IDP through the CBPs.
- Improve the capacity building on the IDP both internally and external to the organisation.
- Improved engagements with internal and external structures through the IDP Steering Committee and the IDP Representative Forum.
- Enhanced alignment of the IDP with the CBP.
- Improved alignment of the IDP with mSCOA.
- Improved alignment with the ADM-DDM.
- Research on methods towards enhancing statistical data on the IDP.
- Research on methods towards enhancing alignment with the various hierarchy of plans.
- Improve spatial representation of information both on the IDP and on the CBPs.
- Facilitate the development of sector plans that are aligned to the IDP.

5. ANALYSIS OF THE IDP GAPS TO BE INCLUDED IN THIS ROUND OF THE IDP.

The following activities will be undertaken as part of the analysis phase of the IDP: -

- Review of the IDP in line with the gaps identified by various role players.
- Review of all applicable sector plans, and the spatial development framework;
- Focused intergovernmental and organisational engagements to determine emerging trends and issues;
- Focused sessions (i.e. IDP Representative Forum) with government sector departments, ward committees, NGOs, NPOs, religious leaders, traditional leaders, the local business community, organised youth structures and interested and/or affected stakeholders in order to better spear head in the development of Newcastle;
- Identification of the organisational shortcomings in terms of the applicable key performance areas; and
- Addressing areas that require additional attention in terms of new development in relation to legislative requirements.

5.1. Development of the Newcastle Local Municipality's Financial Plan.

- To provide an overview of the 3-year municipal budget, as well as analysis and explanation thereof.
- To provide insight on the allocated funds for operations and maintenance costs of municipal fixed assets.
- To give a reflection on the sound financial strategies of the Newcastle Municipality (Revenue enhancement strategies and Expenditure management plan).
- To give an overview of the projects with committed funding, which are not on the municipal budget but from other service providers (MTEF allocations inclusive of sector department's allocations/projects).

5.2. Newcastle Local Municipality's Back to Basics Program.

- The Back to Basics Programme is a country wide initiative aimed towards dealing with factors undermining local government and to foster efforts that support, educate and where needed, enforce implementation.
- Achieving South Africa's transformation agenda requires functional municipalities and a capable machinery at a local level that has the ability to create safe and healthy economically sustainable areas where citizens and people can work, live and socialize.
- The Back to Basics Programme is premised on the recent review of all the 278 municipalities within South Africa which distinguishes between three groups of municipalities namely the Top Group, Middle Group, and the Lower Group.
- The goal of the Back to Basics Programme is to improve the functioning of municipalities in order to effectively render meaningful basic services to communities.
- It also attempts to address the challenges that are faced by local government by strengthening municipalities and instilling a sense of urgency towards improving the lives of citizens.
- In terms of the programme, clear benchmarks are set and these are directed towards increasing performance in Government's efforts to ensure that all municipalities perform these basic functions without compromise.
- The Department of Cooperative Governance has developed a set of indicators to be reported on with the frequency being monthly and these will function thus to measure whether Newcastle Local Municipality is performing in terms of the basics and these are as follows: -

- Putting people first;
- Delivering basic services;
- Good governance;
- Sound financial management and
- Building capable local government services.

5.3. Establishment of a Project Report.

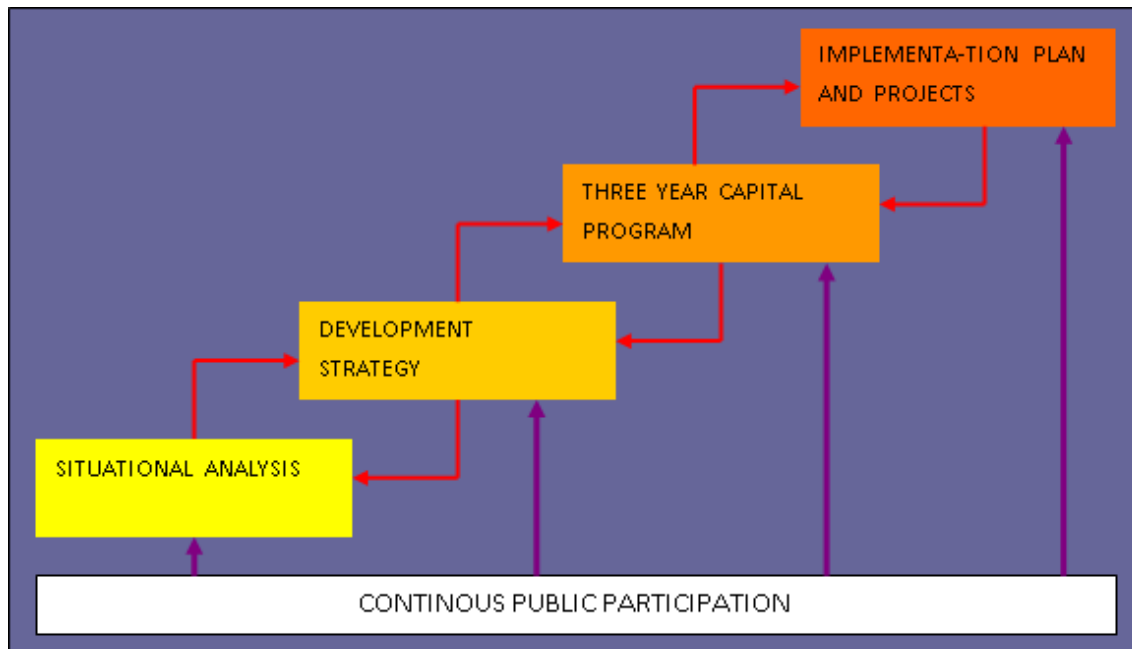

- This activity will focus mainly on the clustering of projects in a manner that promotes integrated planning among line function departments of the municipality and different service providers.
- It will also seek to shift away from a wish list of projects to a clear categorization of projects according to the availability of funds against the priorities.
- Each Ward Councilor collectively his/her respective Ward Committee have been asked to identify ward-based priorities using a pre-determined project identification and prioritization criteria.

5.4. Development of the Newcastle Local Municipality's Spatial Development Framework (SDF).

- Interactive discussions with all the surrounding municipalities regarding the cross-boundary co-ordination of key elements as discussed in Chapter 6 of the current SDF has already been undertaken. The participation in such engagements will be continuous throughout the duration of the financial year.
- Update of capital projects in terms of their relevance, budgets, locality and timeframes for implementation toward more accurate indication of a Capital Investment Framework.
- The municipality is currently in the process of finalising its Water Master Plan and it will need to be incorporated in the next SDF.
- Inclusion of all cross-cutting issues between the SDF and the Sector Plans.

6. COMPOSITION/COMPONENTS OF THE IDP REVIEW.

Section 26 of the Municipal Systems Act (Act No. 32 of 2000) prescribes the key components of an IDP. In keeping consistency with this section of the Act, Newcastle Municipality's IDP will be presented in four main sections as follows: -

- The Executive Summary which gives the municipal overview and development challenges.
- An outline of the key development issues and trends based on an analysis of the current level of development (Situational Analysis).
- A Strategic Framework which outlines Council's long-term vision with specific emphasis on the municipality's most critical development objectives, action plans and strategies.
- A Capital Program including a one-year program, three year program aligned to the Medium Term Expenditure Framework and the five year plan.
- An Implementation Framework which includes sector plans particularly the Financial Plan, and the Spatial Development Framework.

7. HORIZONTAL AND VERTICAL ALIGNMENT.

7.1. Framework Plan.

In terms of Chapter 5, Section 27 of the Municipal Systems Act, 2000 (Act No. 32 of 2000), District Municipalities are required to prepare and adopt a Framework Plan, which indicates how the District and Local Municipalities will align their IDP's. The Framework Plan provides the linkage and binding relationships to be established between the district and local municipalities in the region and in so doing, proper consultation, coordination and alignment of the review process of the district municipality and various local municipalities can be maintained.

The Amajuba District Municipality has established the IDP Coordination Committee which is also attended by COGTA to provide strategic direction to the IDPs. This IDP preparation process will also use this forum for vertical and horizontal alignment with other family of municipalities.

As a result, the Newcastle IDP will reflect vertical and horizontal integration of development priorities such that it becomes a document that other development agencies are comfortable with and can use to deliver on their mandates. The IDP preparation process will consider these documents with a particular focus on the extent to which we meet these requirements.

7.2. Alignment with the Sector Departments.

Alignment with Sector Departments is essential in order for the Newcastle Local Municipality's priorities to be reflected in the project prioritisation process, and also for the projects to be reflected in the IDP documentation. It is anticipated a series of one-on-one meetings with key departments and relevant parastatals will be held through the IDP Representative Forum, and also through the recently introduced District Development Model. This will also entail the participation within other IGR initiatives either by COGTA and/or SALGA, aimed towards enhancing Integrated Development Planning.

8. IDP STEERING COMMITTEE.

8.1. Institutional Arrangements.

An IDP Steering Committee has been established in order to give guidance to the development of the IDP. The Steering Committee is a technical working team of dedicated heads of departments and senior officials who support the Director IDP/IDP Manager to ensure a smooth planning process. This is essential if the IDP is to be owned by municipal departments and give a true reflection of the current and/or performance thereof towards the relevant KPAs. The Director IDP/IDP Manager is responsible for the IDP process but will often delegate functions to members of the Steering Committee.

The IDP Steering Committee acts as a support to the IDP Representative Forum, making technical decisions and inputs to the Municipal Manager and Director IDP/Manager IDP. The IDP-SC, as well as the Representative Forum will be reconstituted for the IDP preparation process. Afterwards, the IDP public participation process will be extended to Ward Committees in order to enhance participation, involvement and deepening of democracy.

8.2. Composition of the IDP Steering Committee.

The Municipal manager is the designated manager for the IDP process, however, should he/she not be able to perform functions of the IDP Manager, the Municipal Manager decides on the following:-

- Powers and functions to be delegated;
- Responsibility remaining with municipal manager/accountability; and
- Reporting mechanisms.

Composition of the IDP Steering Committee is as follows:-

- Chairperson - Municipal Manager (or IDP Manager)
- Secretariat - Official of the municipality
- Members - Heads of departments/ sectors; and/or
- Senior officials of the municipality and/or provincial departments.

8.3. Terms of Reference of the IDP Steering Committee.

The terms of reference for the IDP-SC are as follows:-

- Provide terms of reference for the various planning activities associated with the IDP;
- Establish subcommittees (if necessary) and decide on relationship/reporting mechanisms;
- Appoint the secretariat.
- Commission research studies as may be required;

- Considers and comments on:-
 - Inputs from sub-committee/s, study teams and consultants;
 - Inputs from provincial sector departments and support providers; and
 - IDP RF members.
- Defining the terms of reference and criteria for members of the IDP representative forum;
- Informing the public about the establishment of the IDP representative forum and request submission of applications from stakeholders/community groups indicating goals, objectives, activities, number of members, and constitution.
- Processes, summarise and document outputs;
- Makes content and technical recommendations;
- Prepare, facilitate and documents meetings; and
- Monitoring and evaluation of the performance.

8.4. The Director/Manager IDP and Responsibilities.

Amongst other things, the following responsibilities have been allocated to the Director/Manager IDP for the IDP Process: -

- To ensure that the Process Plan is finalised and adopted by Council;
- To adjust the IDP according to the proposals of the MEC;
- To identify additional role-players to sit on the IDP Representative Forum;
- To ensure the continuous participation of role players;
- To monitor the participation of role players;
- To ensure appropriate procedures are followed;
- To ensure documentation is prepared properly;
- To carry out the day-to-day management of the IDP process;
- To respond to comments and enquiries;
- To ensure alignment of the IDP with other IDP's within the District Municipality;
- To co-ordinate the inclusion of Sector Plans into the IDP documentation;
- To co-ordinate the inclusion of the Performance Management System (PMS) into the IDP; and
- To submit the reviewed IDP to the relevant authorities.

9. IDP REPRESENTATIVE FORUM.

9.1. Terms of Reference for the IDP Representative Forum.

The NLM IDP Representative Forum is established in terms of Chapter 4, Section 15 of the Local Government: Municipal Planning and Performance Management Regulations (2001). With reference to the said regulations, *a municipality must establish a forum that will enhance community participation in: -*

- (i) *The drafting and implementation of the municipality's IDP; and*
- (ii) *The monitoring, measurement, and review of the municipality's performance in relation to the key performance indicators and performance targets set by the municipality.*

9.2. The responsibilities of the NLM IDP- RF

- Represent the interest of the municipality's constituency in the IDP process;
- Provide an organisational mechanism for discussion, negotiation and decision making between the stakeholders inclusive of municipal government;

- Ensure communication between all the stakeholder representatives inclusive of municipal government; and
- Monitor the performance of the planning and implementation process of the IDP.

9.3. Composition of the IDP Representative Forum (IDP-RF).

The IDP Representative Forum (IDP RF) institutionalises and guarantees representative participation in the IDP process. It is established as part of the preparation phase of the IDP and will continue its functions throughout the annual IDP Review processes. In accordance with the Local Government: Planning and Performance Management Regulations “A Forum must be representative of the composition of the local community of the municipality.” With that in mind, this is the proposed composition of the NLM IDP- RF: -

- EXCO members and Councillors;
- Traditional leaders;
- Ward Committee members;
- Senior Municipal Officials;
- Stakeholder representatives of organised groups;
- Advocates of unorganised groups;
- Resource persons;
- Other community representatives;
- National and Provincial Departments regional representatives;
- NGO's; and Business groups;
- Various Unions; and
- Parastatal organisations.

10. IZINDUNA FORUM.

10.1. Terms of Reference for the NLM Izinduna Forum.

The Newcastle Local Municipality (NLM) as a government institution, recognizes the presence of traditional communities within its jurisdiction and thus, the traditional hierarchical structure in place within these communities. Traditional leadership is enshrined in Chapter 12, sections 211 & 212 of the Constitution of the Republic of South Africa (Act No. 108 of 1996), which provide for the establishment and recognition of traditional institutions. Moreover, the Traditional Leadership and Governance Framework Act (Act 41 of 2003) together with the Traditional and Khoi-San Leadership Act (Act 3 of 2019) also acknowledge the need for local government to collaborate with Traditional Councils. Therefore, the purpose of this particular forum is as follows: -

- To protect and promote the institution of traditional leadership in accordance with the dictates of democracy within the municipality,
- To restore the integrity and legitimacy of the institution of traditional leadership within the municipality in line with customary law and practices
- To act as a formal structure that the municipality can utilize to provide appropriate support and capacity building to the institution of traditional leadership,
- To ensure that the municipality & traditional leadership work in a cooperative and coordinated manner in delivering programs and services which address traditional community issues.

10.2. Objectives of the NLM Izinduna Forum.

- To support municipality in the identification of traditional community needs,
- To facilitate the involvement of the traditional communities in the development or amendment of the integrated development plan of a municipality in whose area the community resides,
- To participate in development programs of the municipality
- To promote the ideals of cooperative governance, integrated development planning, sustainable development, and service delivery within traditional communities,
- To recommend, after consultation with the relevant local and provincial houses of traditional leaders, appropriate interventions to government that will contribute to development and service delivery within the area of jurisdiction of the traditional leadership,
- To support the municipal Council in the identification of the specific needs of the traditional communities falling within the area of the municipality,
- To facilitate the involvement of traditional communities in the development or amendment of the integrated development plan of the municipality, and
- To support the municipality in promoting integrated local economic development and planning issues related to traditional communities.

10.3. Responsibilities of the NLM Izinduna Forum.

The Newcastle Izinduna Forum shall be responsible for the following,

- To advise the local municipality on matters pertaining to customary law and other traditional customs,
- To advise the municipality on the development of planning frameworks that impact on traditional communities,
- To participate in the development of by-laws that impact on traditional communities,
- To participate in local programs that have the development of traditional communities as an object, and
- To participate in local initiatives that are aimed at monitoring, reviewing, or evaluating government programs in traditional communities.

10.4. Meeting procedures for the Izinduna Forum.

- The Forum shall meet once every quarter, and special provision will be made for urgent meetings and/or meetings brought forth by special circumstances.
- The chairperson will chair the meeting to ensure that all procedures run efficiently.
- The agenda commonly forms part of the notice and/or is attached to it so members receive all the necessary details at once.
- Any reports should be sent out in advance so as to allow people sufficient time to read the documents.
- The time and manner for giving notice of a meeting must be strictly adhered to.
- Inadequate notice may invalidate a meeting.
- All relevant stakeholders who are entitled to attend a meeting must be given proper notice in accordance with the best practices.
- The chairperson must ensure that all members of the forum participate in the Recommendation and Resolution of the meeting to achieve consensus.

- All decisions and discussions should be recorded in the minutes of the meeting.

The NLM Izinduna Forum will be constituted with the following representatives: -

OFFICIAL	RESPONSIBILITIES
Mayor	Chairperson
Amakhosi	Advisory Group
Izinduna	Advisory Group
Executive Committee	Advisory Group
Councillors	Advisory Group
Municipal Manager	Chairperson in absentia of the Mayor
Strategic Executive Directors	Advisory Group
Directors	Advisory Group

11.ROLE PLAYERS IN THE IDP REVIEW PROCESS.

The Municipality will confirm the identification of the following role players in the IDP Review Process by removing/adding to their list of stakeholders in the IDP Process: -

❖ Internal Role-players:

- Council and the Executive Committee;
- Nominated Councillors;
- Mayor;
- Municipal officials;
- Municipal Manager;
- MANCO and Extended MANCO officials; and
- IDP, PMS and Budget Units.

❖ External Role-players:

- Auditor General (AG);
- Relevant Government Departments;
- Planning professionals/facilitators;
- Municipal officials;
- Representative Forum/Civil Society;
- Business community;
- Interest Groups;
- Rate Payers associations and Chamber of Commerce if there are any; and
- Traditional Authorities.

11.1. Roles and Responsibilities.

(i). Executive Committee/ Executive Mayor/ Committee of Appointed Councillors:

The executive committee or executive mayor of a municipality or, if the municipality does not have an executive committee or executive mayor, a committee of appointed councillors, must –

- Manage the drafting of the IDP;
- Assign responsibilities in this regard to the municipal manager; and
- Submit the draft plan to the municipal manager council for adoption.

These are the structures already established and required by the Structures Act. The committee of councillors appointed by the municipal council in terms of Section 30 of the Systems Act, is a specific structure established for purposes of the IDP. It is recommended that the responsibility for managing the drafting of the IDP be assigned to the municipal manager or the IDP manager on his behalf.

(ii). The Municipality:

- Prepare, decide on and adopt a process plan.
- Undertake the overall management and co-ordination of the planning process, which includes ensuring that :
 - All relevant stakeholders are appropriately involved;
 - Appropriate mechanisms and procedures for public consultation and participation are applied;
 - The planning events are undertaken in accordance with the set time frame;
 - The planning process is related to the key development priorities in the municipality; and
 - National and provincial sector planning requirements are satisfied.
- Adopt and approve the IDP.
- Amend the IDP in accordance with the requirements of the MEC for local government.
- Ensure that the annual operational business plans and budget are linked to and based on the IDP.

(iii). IDP Manager:

The municipal manager or IDP manager on his behalf, is the responsible person for championing the IDP process. The selection of the appropriate person is crucial for the success of integrated development planning and has to be done as the first step towards preparing the process plan, since the IDP manager is also the responsible person for designing the process plan.

The IDP manager should be a dedicated person that has the required experience and authority to involve all relevant role players, and will have the following responsibilities:

- The preparation of the process plan.
- The day to day management of the planning process in terms of time, resources and people, and ensuring:
 - The involvement of all relevant role players, especially officials;
 - That the time frames are being adhered to;
 - That the planning process is horizontally and vertically aligned and complies with national and provincial requirements;
 - That conditions for participation are provided; and
 - That outcomes are being documented.
- Chairing the steering committee.
- Management of consultants.

(iv). Stakeholder and Community Representatives:

Stakeholder and community representatives have the following roles and responsibilities to fulfil:

- Participating in the IDP representative forum to:
 - Inform interest groups, communities and organisations about relevant planning activities and their outcomes;
 - Analyse issues, determine priorities, negotiate and reach consensus;
 - Participate in the designing of project proposals and/or the evaluation thereof;
 - Discuss and comment on the Draft IDP;
 - Ensure that annual operational business plans and budgets are based on and linked to the IDP; and
 - Monitor the implementation performance of the IDP.

- Conducting meetings or workshops with groups, communities or organisations to prepare and follow-up on relevant planning activities.

(v). Provincial Government:

The provincial local government department and sector departments have the following roles and responsibilities:

- Ensuring horizontal alignment of the metropolitan and district municipalities within the province;
- Ensuring vertical/sector alignment between provincial sector departments/ provincial strategic plans and the IDP process at metropolitan/district level/local level;
- Efficient financial management of provincial IDP grants;
- Monitoring the progress of the IDP processes;
- Facilitation of disputes related to the IDP;
- Assist municipalities in the IDP drafting process when required;
- Facilitation of IDP;
- Co-ordinate and manage the MEC's assessment of the IDP's;
- Provide relevant information on the provincial sector departments' plans, programmes, budgets, objectives, strategies and projects in a concise and accessible manner;
- Provide sector expertise and technical knowledge to the formulation of municipal strategies and projects; and
- Engage in the process of alignment with metropolitan and district municipalities.

(vi). Support Providers and Planning Professionals:

Support providers and professionals such as consultants, NGO's, PIMS- Centres and municipal planning officials have the following roles and responsibilities:

- Providing methodological/technical guidance in terms of the IDP process;
- Facilitation of planning workshops;
- Documentation of planning activity outcomes;
- Special studies or other product related contributions;
- Support to organised and unorganised groups and communities to more effectively engage in and contribute to the planning process; and
- Ensuring that the IDP is aligned with the budget and planning requirements of provincial and national departments.

(vii). District Municipality:

- The district municipality has the same roles and responsibilities as municipalities related to the preparation of a district IDP.
- Co-ordinating roles regarding local municipalities include following:
 - Ensuring horizontal alignment of the IDP's of the local municipalities in the district council area;
 - Ensuring vertical alignment between district and local planning;
 - Facilitation of vertical alignment of IDP's with other spheres of government; and
 - Preparation of joint strategy workshops with local municipalities, provincial and national role players.

12. KEY ACTIVITIES ON THE IDP/BUDGET/PMS PREPARATION PROCESS.

13. FUNCTIONS AND CONTEXT OF PUBLIC PARTICIPATION.

Four major functions can be aligned with the public participation process namely: -

- Needs identification and prioritization.
- Identification of appropriateness of proposed solutions;
- Community ownership and buy-in; and
- Community Empowerment.

13.1. Mechanisms for Participation.

Public participation is important to determine the exact needs that exist in the communities in relation to the developmental priorities during the public meetings and information gathering. The Newcastle Municipality will be utilizing the following mechanisms for public participation when developing its IDP.

- a) **IDP Representative Forum (IDP RF):** This forum represents all stakeholders and key interested and affected parties. This includes the Ward Committees, AmaKhosi, Non-Governmental Organizations (NGOs), Community Based Organisations (CBOs), Organized Business, Faith Organizations and organized agriculture.
- b) **Media:** Local newspapers will be used to inform the community of the progress of the IDP and further due meetings including the IDPRF and community road shows.
- c) **Radio Slots:** The Newcastle Community radio station will be used to make public announcements where necessary.
- d) **The Newcastle Website:** The Newcastle Municipality's website will also be utilized to communicate and inform the community. Copies of the IDP and Budget will be placed on the website for communities, general stakeholders and service providers to download.
- e) **Ward Committees:** The Newcastle Municipality has adopted the Ward Committee policy which has resulted to the establishment of ward committees. The municipality considers ward committees as one of the institutional bodies to fast-track service delivery and deepen democracy. Ward Committees will be represented in the IDPRF and their input is always considered. They will also be used to disseminate information about the developmental agenda of the municipality.
- f) **IDP/ Budget (Mayoral) Road Shows:** The Newcastle Municipality will be hosting its community road shows through a ward committee system to publicize the Draft IDP and Budget during April and May. The venues for these meetings will be publicized at the IDPRF, public places as well as through the local print media.
- g) **Issuing of Communication Material:** Communication material in the form of information sheets will be issued thus to inform the community of the progress of the IDP and any other related meetings. The communication material shall be translated into the languages of our communities, particularly IsiZulu, in order to encourage public participation even further.

Kindly note that Newcastle Municipality commits itself to ensuring effective public participation, therefore, all public notices will be given both in English and IsiZulu.

14.PROCEDURES/PROCESS SCHEDULE.

14.1. IDP Process Plan – Activities and Timeframes.

15.COST ESTIMATES FOR THE IDP REVIEW PROCESS.

The preparation, implementation and management of the Newcastle Municipality's IDP is done in-house, under the Office of the Municipal Manager. The Newcastle Local Municipality has a well capacitated department that deals with the implementation of the Integrated Development Planning Process.

16.COUNCIL APPROVAL OF THE IDP.

This is the most important stage of the IDP process required in terms of Chapter 5 and Section 28 of the Local Government Municipal Systems Act, 2000 (Act No. 32 of 2000), that the *municipal council, within a prescribed period after the start of its elected term, must adopt a process set out in writing to guide the planning, drafting, adoption and review of its Integrated Development Plan.*
